Amelia Earhart (Y6)

Climate change	Y1	Y2	Y3	Y4	Y5	Y6
	To begin to understand what climate change is.	To understand what climate change is. To know the effect of this on our planet.	To know how we can produce and consume food in a sustainable way that is less harmful to our planet.	To know how we can begin to reduce climate change in our local area.	To know how we can begin to reduce climate change in our local area and to put these ideas into practice.	To know the changes that need to be made across the world in order for global warming to reduce.

Growing together with Jesus
